## How to upload custom faces

2022.4.6

## I. Chek the images format

Before uploading, make sure the clock faces images are within following requirements:

- 1. Images format: JPG/PNG/BMP 24bit
- 2. Images resolution: 135x240pt
- 3. Rename images from 0-9
- 4. There are no files or subfolders other than 0-9 image in the folder.

## II. Upload clock faces

On the software interface, there are six clock faces previews . the first one is default and unchageable. Change the other five clock faces according to the following setps:

									Time :	Zone
